Hi Lucita,

Thank you for the reminder! FSME is now merged with the Office of Nuclear Material Safety and Safeguards (NMSS). NMSS and uranium recovery managers are listed below.

**NMSS Director:** Catherine Haney  
**Deputy Director:** Scott Moore

**Division of Decommissioning, Uranium Recovery, & Waste Programs**  
**Director:** Larry Camper  
**Deputy Director:** Drew Persinko

I have listed links to NMSS web pages – the last two are for the Dewey-Burdock Uranium Recovery facility – the last lists all the licensing documents and Section 106 documents. Kellee Jamerson is the Project Manager for Powertech now. I have included her contact information.

Hi Patty – During our call last week, you mentioned there had be a re-organization and that you could send us the structure/chain of command for Kelly Jamerson's group and above. Is that something you have time to get me before the end of this week? I am going to be out of the office for a couple of weeks after this one. Thanks so much! Lucita
